THE HOLLYWOOD PROFESSIONAL SCHOOL

is an accredited college preparatory school, which was established for the purpose of offering a strong academic foundation to professional students actively engaged in motion picture or radio work. The large enrollment of non-professional students and those studying intensively in some branch of the cultural arts, attests the adaptability of the program. The school's educational ideal may be briefly expressed as the desire to give training and advice which will enable the student to achieve his highest potentialities.

Significant among the many contributing factors to the realization of this objective, is the guidance program. Each student's course of study is planned according to his interests, talents, and objectives. By developing those qualities and skills which will enable him to find gainful employment and to become a desirable member of his community, he is prepared for economic independence. Aesthetic and cultural subjects are considered essential as preparation for leisure time. As a result of this integrating program and personalized instruction, graduates have been able, not only to bring credit to themselves and to the school, but to "keep pace with an ever-changing world."

Two Winthrop Brothers Stop Club Show Cold

By GEORGE CLARKE

The ADDRISI BROTHERS, sixteen and eighteen years old, present some terrific soft shoe routines reminiscent of the twenties. Extremely talented boys, they also play guitar and cello and sing to their own sparkling accompaniment. . . . NAPPY and RAY return with another set of rollicking DIXIE selections and they are followed on stage by DAY, DAWN and DUSK, who present their very popular program of musical novelty numbers.

But it was wonderful, marvelous, all of everything rolled into one for two little kids at the Mayfair Sunday night.

The two are the Addrisi Brothers, Don and Dick, who live in Winthrop, and who, at 14 and 12, respectively, are already veterans of a certain kind of show business.

They were invited to the Mayfair for the Sunday night amateur show, but it was because of their ages, they could not enter, a week's engagement.

They went on anyway.

They were "killed."

Kelly introduced them.

Reporter is sure of that, will do their stuff at the Mayfair now if necessary.

From then on anything can happen. The common show, maybe. Maybe Ed Sullivan. Maybe Kate Smith.

But they are ready. Now watch 'em go!

An interesting footnote is that they've been in every big show staged at the Budies Club in the Common for the last two years and were always put on last. Why? No one can follow them!

HOLLYWOOD—Lots of new faces showed up at the "Merry Andrew" premiere here recently. All talented lads and lassies who will be seen more and more on the Hollywood scene. They are eager, willing and able to replace actors and actresses who are facing the rear with peers.

I saw Barbara Cullis, lovely English girl, with her hair in the picture starring Danny Kaye. Patricia was with Bob Hope, 25-year-old apartment executive. Young Davis is now between an acting career and his drama business and what a good bet the acting was not!

New Singing Sensation

Ken Miller was with Kathy Nolas, the old little truck you see on TV in "The Best of Me." Ken has been singing away since with his singing records.

Two newcomers, Steve Stevens and Marlene Willis, attracted a lot of attention. They are both bombing the gates of stardom with everything they have. I think each has a chance of making it big.

HOLLYWOOD LIGHTS

Majella White, talented 17-year-old, with the accidental green eyes, clear complexion and extremely long brunette hair which she wears in either pony tail or up-do style, is a Senior attending Hollywood Professional School. She is an excellent student, serious in everything she undertakes.

The majority of this versatile teenager's out-of-school hours are taken up with lessons of varied subjects, including a great many hours spent in practice. The list is quite impressive: three dancing lessons weekly;

Each of these girls is on the long climb to stardom.

a daily dramatic lesson, and in addition to these, the young lady takes three harp lessons, two voice lessons, one piano lesson, one swimming lesson and two modeling lessons each week.

Although Majella does not class herself in the professional category, as yet, she nevertheless has performance experience in several of these areas.

"Majella's star quality is evident in her modeling work, and for now has dancing, television, harp, piano and swimming as her specialties."

MOTHER GOOSE SEE HOW'S THAT

★ Singer Barry Gordon said of Marie Wilson, "She knows all about baseball. She knows all the fellows like her." Barry doesn't know all the fellows like Marie for other reasons (40-27-38) too, because the crowd-breaking record holder is only eight years old. Barry's ballads include the million-record seller "Swinging Nuttin' For Christmas," "I Can't Breathe," and the top success story "Rock Around With Your Baby." The Monogrammer, who has just completed a smash session with Ken Murray's *Rockers* in Las Vegas, started his amazing career at the tender age of three. Barry topped all the other

Desilu, Anso Combine On Ann Sothorn pilot

Pilot of the Ann Sothorn vehicle will be Wednesday at Motion Picture Center, under joint aegis of Desilu and Anso Productions. Arthur Hoffa is producer and Oscar Rudolph the director, and script is by Bob Weidopf and Bob Schiller. Story refers in series will be handled by Ernest Traux, Ann Trull, Rita Shaw, Jack Mulvaney, Barry Gordon, and Jacques Scott. Also in the first row will be Connie Stevens, Jimmy Hayes, Elvia Allman and Ralph Dumke.

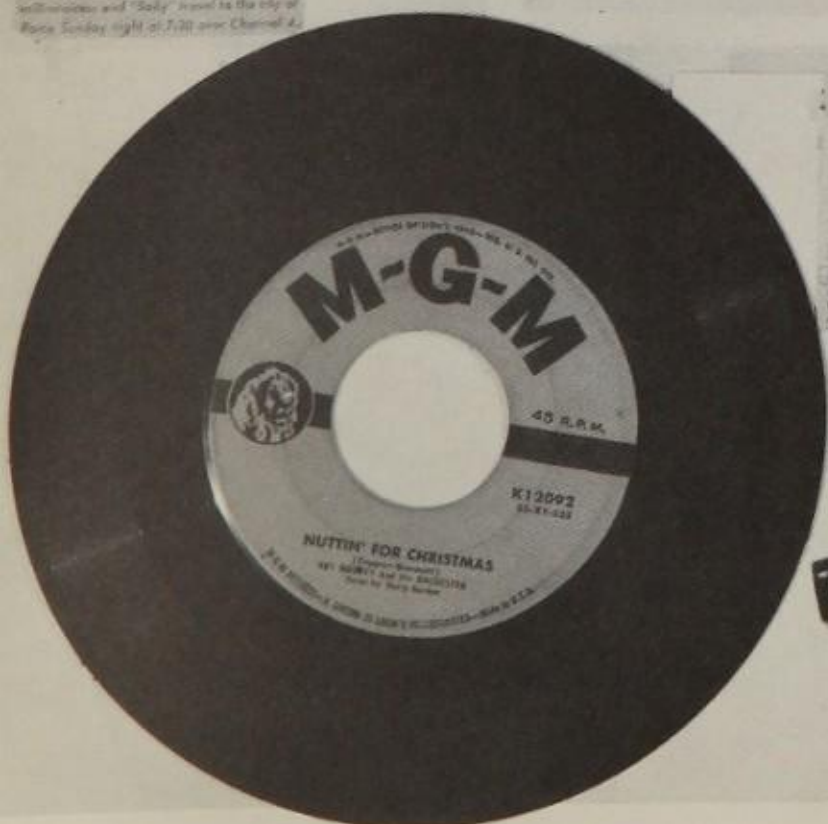

Barry Gordon, only 7, has the professional know-how of a veteran performer.

TINY TROUPER

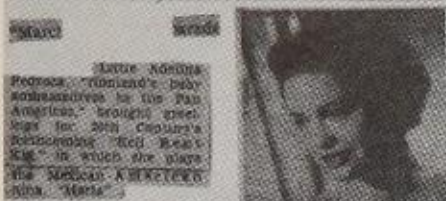

WHENEVER little Barry Gordon makes an appearance on TV, it immediately sets off a barrage of inquiries from viewers who ask: "Is Barry Gordon a dwarf or a midget?" This is a kind of compliment to young Gordon, strange as it seems. People just can't believe that all that talent can be contained within so small

a frame. Barry is only seven, but he packs a carload of professional style and delivery in each of his songs. Recently, on the Perry Como show he broke up the audience, Perry included, with a side-splitting takeoff on Como's "Tina Turner."

Seven is impossible, but Barry gets away with each passing year.

December 27, 1955

My dear Linda Bennett:

It affords me great pleasure to inform you that your performance as Little Madeleine Foy in "The Seven Little Foys" has been hailed by the nation's critics and radio and television commentators as "One of the Year's Best by a Juvenile Actress."

THE FILM DAILY feels that this honor is truly distinguished among all others because it is the free opinion of those who write or comment professionally upon the Motion Picture, and artistic achievement is the sole basis for inclusion among "Filmdom's Famous Fives."

I know you will be interested in the fact that the combined reading and listening audience represented by the critics polled exceeds 75 million.

So, along with the enclosed scroll, will you please accept our hearty congratulations and best wishes.
